

# UNIVERSITY OF WEST ALABAMA

## DIVISION OF NURSING

80–120 students

### Challenges

- ✓ **Limited faculty**  
8 full-time faculty members teach over 100 prospective nursing students.
- ✓ **Remote area**  
Many students commute over an hour to the UWA campus.
- ✓ **Skills validation**  
Faculty members averaged 24-36 hours a semester in a skills lab evaluating students.

### GoReact Solutions

#### **Flexibility for Nontraditional Students**

Nontraditional students in rural areas can practice and record anytime, anywhere.

**“Students no longer commute an hour to campus and back for a skills check off.”**

—Dara Murray, Assistant Professor

#### **Better Grading Practices**

Program uses GoReact to train faculty, share department rubrics, and standardize grading.

**“We’re grading and evaluating more effectively, and faculty are able to collaborate.”**

—Katie Smith, Assistant Professor

#### **Better Feedback**

Students and instructors give time-coded feedback and place markers in the video.

**“We can pause, rewind, and slow things down. It’s a clearer picture of what our students are doing.”**

—Katie Smith, Assistant Professor

#### **Improves Student Preparation**

GoReact facilitates practice and accurate feedback for students to improve quickly.

**“Our clinical faculty and simulations coordinators consistently say that students are better prepared.”**

—Dara Murray, Assistant Professor
